# *Sophisticated Giving for the Distinguished Giver*

**The Stewardship Advantage Donor Advised Fund (DAF) enables you to fulfill your stewardship or philanthropic interests, while maximizing your gifting impact and gaining tax benefits.**

## *A Smart Choice...*

Ambassador Foundation embraces a well-rounded approach to biblical stewardship and charitable giving. We pledge to provide professional and efficient service. Most funds can be established quickly and easily as investment decisions and administrative work are accomplished by qualified professionals.

## *Make an Impact...*

The Stewardship Advantage DAF is an excellent tool and can be a valuable addition in your estate planning portfolio. Whether you take a hands-on approach to all charitable giving or have the passion to give but lack the time or expertise, we can help you make a direct impact in building God's Kingdom on earth.

## *Tax Benefits...*

Once you make your decision to open a Stewardship Advantage DAF, you may have the opportunity to take advantage of tax benefits. You may have the option to deduct up to 50% of total income each year for cash gifts and up to 30% of adjusted gross income for gifts of appreciated property. You may have the potential to take the income tax deduction in the year the gift is made, but retain the right to contribute funds over your lifetime or the lifetime of a designated survivor.

## *Leaving a Legacy...*

In an instant gratification culture, leaving a legacy can be a difficult task. A Stewardship Advantage DAF can be used to demonstrate biblical stewardship to others whom you want to positively influence. A family DAF can not only be used to fulfill philanthropic interests, but it is a stewardship tool that can teach future generations the importance of giving.

# AMBASSADOR FOUNDATION

*Stewardship is the management of God-given resources for His Glory and for the benefit of others.*

## *Our Vision*

The Ambassador Foundation is a public charity. Its vision is to be a globally recognized foundation that provides an opportunity for individuals and businesses to exercise biblical stewardship through the support of church and para-church ministries which advance the Gospel of Jesus Christ throughout the world.

The Ambassador Foundation will accomplish this vision through charitable gift planning as it relates to estate planning assistance and gifting consultation, stewardship education, development consultation, trustee and fiduciary services and donor advised funds.

The Ambassador Foundation seeks to help individuals, businesses and Christian organizations with their stewardship and charitable planning needs.
