Our Vision

The Ambassador Foundation is a public charity. It's vision is to be a globally recognized foundation that provides an opportunity for individuals and businesses to exercise biblical stewardship through the support of church and para-church ministries which advance the Gospel of Jesus Christ throughout the world.

The Ambassador Foundation will accomplish this vision through charitable gift planning as it relates to estate planning assistance and gifting consultation, stewardship education, development consultation, trustee and fiduciary services and donor advised funds.

The Ambassador Foundation seeks to help individuals, businesses and Christian organizations with their stewardship and charitable planning needs.
